Welcome To
JVVIS

What Does The IBDP Course Offer?

The International Baccalaureate Diploma Program (IBDP) is a quality-oriented course that offers a practical and application-based approach in its curriculum. This course offers a rigorous and holistic way of learning that trains the student with skillsets needed at University level courses; due to the exposure and hands-on experience that the student acquires.

Why IBDP at JVPIS?

SVKM highlights and gives utmost importance to students' education and their career options for the future. We have an in-house school counsellor, who helps support and guide students with their needs to be academically and socially successful. It is well connected with the best universities around the world and helps students with an overview of life there through our alumni.

Subjects Offered

Group 1

DP Language and Literature (English)

- LANGUAGE A: ENGLISH LITERATURE
- LANGUAGE A: ENGLISH LANGUAGE AND LITERATURE

Group 2

DP Language acquisition

- BIOLOGY
- CHEMISTRY
- DESIGN TECHNOLOGY
- ESS
- PHYSICS

Group 6

DP arts

- FILM

Group 5

DP Mathematics

- MATHEMATICS: ANALYSIS AND APPROACHES
- MATHEMATICS: APPLICATIONS AND INTERPRETATION

Student Clubs

The Diploma Core

CAS

The three strands of CAS, which are often interwoven with particular activities, are characterized as follows:

Creativity – the forms of art, and other experiences that involve creative thinking.

Activity – physical exertion contributing to a healthy lifestyle, complementing academic work elsewhere in the DP.

Service – an unpaid and voluntary exchange that has a learning benefit for the student. The rights, dignity, and autonomy of all those involved are respected.

CAS enables students to enhance their personal and interpersonal development by learning through experience. It provides opportunities for self-determination and collaboration with others, fostering a sense of accomplishment and enjoyment from their work.

At the same time, CAS is an important counterbalance to the academic pressures of the DP.

Theory of Knowledge

TOK plays a special role in the International Baccalaureate Diploma Programme, by providing an opportunity for students to reflect on the nature of knowledge, and how one knows what it claims to know, i.e. knowledge and research. It is one of the components of the DP core and is mandatory for all students. The TOK requirement is a unique central core to the educational philosophy of the DP.

As a thoughtful and purposeful inquiry into different ways of knowing, and into different kinds of knowledge, TOK is composed almost entirely of questions. Through discussions of these and other questions, students gain greater awareness of their personal and ideological assumptions, as well as develop an appreciation of the diversity and richness of cultural perspectives.

Extended Essay

The Extended Essay (EE) is an independent piece of research, culminating with a 4,000-word paper. It provides students with practical preparation for undergraduate research.

An opportunity for students to investigate a topic of personal interest to them, which relates to one of the student's six DP subjects, or takes the interdisciplinary approach of a World Studies extended essay.

Through the research process for the extended essay, students develop skills in formulating an appropriate research question, engaging in a personal exploration of the topic, communicating ideas and developing an argument.

Students are supported throughout the process of researching and writing the extended essay, with advice and guidance from a supervisor who is usually a teacher at the school. Students are required to have three mandatory reflection sessions with their supervisors. These reflection sessions can be a valuable stimulus for discussion in countries where interviews are required before acceptance for employment or a place at university.

Our Alumni

DP GRADE 44/45

KRISHNA MALOO

Major in chemical engineering with a Minor in material sciences. BITS Pilani - Dubai Campus

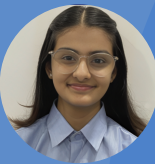

DP GRADE 44/45

RAVIN KABRA

BBA Supply chain management, Indiana University- Kelly Business School

DP GRADE 41/45

ANANYA CHAKRAVARTHY

Bachelor's of Business Administration & Management
Questrom school of Business, Boston University

DP GRADE 40/45

INSIYAH CONTRACTOR

Bsc Banking & Finance from University of London-
London school of Economics and Political Science
(LSE) Mumbai

Testimonies

KUSH SHAH, ALUMNI

I studied in one of the best universities across the globe, the university of toronto, it's all thanks to this school's wonderful management and faculty. I am right now a founding member of a venture called UNOQUE that demystifies a large variety of careers for students and provides a simulation of their work life in these careers. I provide our SVKM students the opportunity to talk on a 1:1 basis with mentors who are students or have recently graduated from top-colleges in India and around the world, to explore different universities and see if they are a good-fit.

KRISHA RUNGTA, STUDENT

This school's holistic learning environment has not only made me a motivated self-learner but also pushed me to excel and try my best in other areas of student life like service, networking and extra-curriculars. The faculty has guided and mentored me every step of the way and helped me develop a growth mindset towards life.

ANJANI KHAIRWAR

My daughter has been in this school for 13 years now and the journey has been wonderful. The school has extended support to my daughter's pursuit of sports, fine arts and other extracurricular activities. The vice principal and principal have always been so approachable, encouraging and extremely supportive of extending whatever possible help we needed at any time, whether it be paperwork or extra classes to catch up on missed work. I am always informed of the school's step ahead with the 'coffee mornings' we have to discuss what's next and what I as parent need to do to make sure my child is getting the best education.
