WELCOME TO AUGUST 2024-25

SVKM JV Parekh International School carries on the journey of its extracurricular and co-curricular events further in the month of August to continue the unending process of holistic education. One of the most exciting events of the month brought many schools together, followed by many other explorations into the world of knowledge.

With the celebration of the spirit of independence and the knowledge enhancement through the sessions, the school reflects its aspiration toward a better and enriching learning environment.

CLASH OF CLANS

8/5/2024

The healthy competition that we encourage has been seen in the inter-clan competition for various performances. This was the preparation for the right team to reach the Sanskritik Sangam's final stage to be part of the great day and show the talents of our school's children. The children relentlessly focused to the perfection of the art they performed just to showcase their talent to the audience beyond.

The clans went head to head with each other, involving a musical touch, spectacular dances and an impactful skit. Each clan portrayed the life of a freedom fighter and the challenges they faced while fighting for the country's freedom.

SANSKRITIK SANGHAM

8/8/2024

If one event is to be spoken of to show how the schools at SVKM have created a hype for other schools to aspire for a platform, it can be the mention of the Sanskritik Sangam as the one in the month of August. We saw a deluge of talents that poured in on the stage on this day after the selection process was done. The selected students' groups and individuals from our school too took part in this final day of clash.

Each school brought their own patriotic skit as well as a melodious choir to showcase their love for the nation. There was a tough competition between the heart touching poems the students had to offer, and the melodic rhythm played on different instruments. This event brought the cultural aspirations amongst children with a high and esteemed gracefulness.

L'ESPIRIT DE OLYMPIC

8/9/2024

Our school's club activities are the ones that will keep on reverberating throughout the year as there are going to be many more events and activities to come. But to speak of the first, the Art and Design Club of the school came up with an innovative competition with regards to the Paris Olympics 2024. Students had to design an Eiffel Tower cutout to showcase their creativity. They were encouraged to use the colours of the Olympic logo and various artistic techiniques such as Zentangling and Mandala. This inspired the groups of students to create designs as well learn about artistic styles they would not have researched about in their regular curricular schedule. The event went very successfully.

US UNIVERSITY FAIR

8/12/2024

The University Fair was conducted on 21st of August 2024 at the School's auditorium. The school invited multiple reputed universities from the US to engage and attend to students' questions regarding admissions. They offered courses from arts and creatives to even business and sciences. Prestigious universities such as St. John's University, Binghamton University, California Baptist University, Indiana University, Rollins College, University of Missouri, University of Pittsburgh, University of San Diego.

The fair offered valuable insights into the benefits of studying abroad. Students showed great interests in exploring the international study options.

SVKM J V Parekh International School is dedicated to helping students to excel further into the global educational fraternity with confidence and knowledge.

BUSINESS CASE STUDY COMPETITION

8/14/2024

The Business Club organised on 14th August 2024 a competition where participants had to form groups of 4 to analyse and present a given case study curated by our own Business Club heads. Winners would be sent to the Australian National University's (ANU) Annual Business Case Study competition, on behalf of our school, where they'll have to compete against students from all over the world. Judges for the event were alumni from our school, who won the 3rd position internationally, and the Best in the Country, last year.

The event was judged by our esteemed alumni members and centered around the theme of 'Chaimasti' as a brand, which explored India's tea market and its strategic expansion potentials. The competition not only sharpened the students' critical thinking skills but also engaged them into the aspiration of entrepreneurship.

INDEPENDENCE DAY CELEBRATIONS

8/15/2024

The short but very intense was the celebration for the Independence Day. The two schools came together to celebrate the special day with the strong message of integrity, dedication and brotherhood remembering the sacrifices of the freedom fighters and aspiring for a better future that will set the country as the leader in the global map.

UCAS PERSONAL STATEMENT WORKSHOPS

8/20/2024

EWM (Edinburgh, Warwick and Manchester) conducted a workshop on how to write personal statements effectively for university applications. Its main objective was to give students a deeper insight into the UK education system. Students could interact with the Universities regarding the SOP and also get their queries regarding admissions, scholarships, student life, etc. solved.

TABLE TENNIS SMAASH

8/20/2024

The students of Sports Club organized a table tennis competition for students in the girls' lounge and it was a great success as many of the children participated in the programme. They enjoyed the day's ordeal.

PRIDE INTERNATIONAL DLX

UNIVERSITY FAIR

8/21/2024

The school invited universities from various parts of the world to provide students with an opportunity to explore all the options and choose the perfect fit for their career. Choosing a university abroad is a daunting task and the school eases this process by removing any mediating channel and directly coordinating with the universities' admissions offices. Some established universities that visited were Ecole Polytechnique (France), University of Twente (Netherlands), and Norwich University of Arts (UK).

This shows how consistently the SVKM J V Parekh International School encourages students to explore the global educational opportunities.
